

Some of the interesting finds across Aberdeenshire and Aberdeen City in 2021

Ian Green

***Cymbalaria pallida* (Italian Toadflax)**

Lots growing on a wall in the old cemetery, Kennethmont. First record for vc93 and only the second record for Aberdeenshire.

***Senecio sarracenicus* (Broad-leaved Ragwort)**

Two patches by track, Drumduan. First record for vc92 and the first record for Aberdeenshire for over 100 years.

***Galinsoga quadriradiata* (Shaggy Soldier)**

Several plants in flowerbed, Greenburn, Aberdeen. First record for vc92.

***Chenopodium ficifolium* (Fig-leaved Goosefoot)**

Several plants on disturbed ground, Charlestown. First record for vc91.
